## S.J. School Architect Is Chosen

**Building Plan Due For Vote In 1967**

The St. Joseph school board last night picked Trend and Associates of Kalamazoo as the architects for a proposed building plan to be completed by Nov. 1 and be voted on early in 1967.

Trend and Associates designed the E. P. Clarke elementary school on Glenford road, the new Portage Northern high school and is currently the architects for the new Lake-shore junior high school. The selection of the architect followed extensive interviewing of four architectural firms.

Supt. Richard Ziemmer said that by selecting the architect now the board will be able to have the benefit of his advice while deciding on a specific plan to put before the voters early in 1967.

The discussion last night centered around the theme that there will have to be two buildings — a new junior high school and some sort of addition to St. Joseph senior high school.

How extensive the senior school addition will be is still being debated. The board is reported to favor expanding the present St. Joseph high school to its top rated capacity of 1,500.

## Can't Save Eyes, St. Joe Boy Told

**'A Shock ... But We Have To Face It'**

By CHET NEWMAN  
Staff Writer

David J. (Butch) Shue, Jr. of St. Joseph is apparently permanently blinded by the cherry bomb blast that hit him in the face last July 4.

The youth, 18, who lives with his parents at 1223 Marion avenue, said specialists at Ann Arbor and Dr. J.J. O'Toole of St. Joseph have told him "there is nothing in their knowledge

they can do for me now."

"It was really a shock," Butch said yesterday. "but I told Mom and Dad we have to face it. We just have to make the best of things as they are."

"I want to get going."

Butch said the best things he can think of right now are getting into rehabilitation school and then getting a job. "I also plan to get a dog. I'm not worried about getting around. Those dogs are really smart. One word and they know just what to do."

Butch said the Ann Arbor specialists told him it would be a "waste of time and money to operate on my eyes."

"The young man said many parts of his eyes were injured by the blast. They told me it's like trying to take a picture with a camera without loading the film."

Previously, Butch said he could see — very dimly — and was optimistic that an eye operation could help.

## Deer Runs Off Without Estimate

A deer may be in need of repairs to its own body after crashing through a glass door this morning at the Plaza Body shop in Benton township at 2189 M-139.

Larry Darling of the shop said the door was swung open when the deer went through it and continued running across the highway into a trailer sales lot.

The deer did not appear to be badly injured, but personnel of the body shop couldn't be sure because the animal didn't stop for an estimate.

**Passes 'Thousand Days' Of Predecessor**

By FRANK CORMIER

WASHINGTON (AP) — President Johnson is swinging into his second "thousand days" in a buoyant mood — despite problems at home and abroad and slippage in the polls.

## Be Good, But Never Ladylike!

**That's Advice For GOP Women**

From Associated Press

It's fine to be righteous but not ladylike!

This would seem to be the advice offered to Michigan Republican women by Mrs. George Romney and Mrs. William Scranton.

"You must forget everything you learned about being a lady" if you campaign for politicians, Mrs. Scranton, wife of the Pennsylvania governor, told the Michigan Federation of Republican Women's Clubs in Kalamazoo Thursday.

And Mrs. Romney, also speaking during the federation's annual meeting, said Gov. Romney can't be "cut up into little pieces" by his political opponents.

The reason, she said, is that Romney is "protected by an armor of righteousness."

The wife of Pennsylvania's Republican governor gave some helpful — but possibly dismaying — hints on campaigning by the fair sex.

"You'll have to walk up to perfect strangers on the street and introduce yourself," she said.

"And you'll have to perform any number of stunts to get publicity."

Mrs. Scranton later pulled such a "stunt" — When she donned the red flannel nightgown and cap given her by the federation. She wore the clothes all evening.

"Next," she warned, "you must get accustomed to eating a variety of foods — one on top of the other."

"For instance, in one night, at three separate banquets, we were served pot roast, mashed potatoes and canned beans."

Mrs. Scranton found that she had to substitute for her husband when he sometimes was unable to attend a scheduled event.

"The people try to be hospitable" on those occasions, she said.

As of today, Johnson has been in office for 1,037 days. The time span is worth noting because that's exactly how long John F. Kennedy served before the assassination at Dallas in 1963.

Many observers, mindful of polls and problems, might suspect these would be troubled days for Johnson.

## SLIPPING IN POLLS

Within the week, for example, major public opinion samplings registered a decline in the President's "popularity" rating and — more significant from Johnson's viewpoint, according to associates — an increased disaffection with his management of the war in Viet Nam.

Moreover, at least three mass circulation magazines that regularly come to Johnson's attention contained comments this week hardly calculated to gain a favorable reception at the White House.

Also, every one recognizes that the problem of maintaining a stable economy at home and working toward an acceptable solution in Viet Nam confront Johnson with vexing difficulties.

Nevertheless, Johnson seems full of confidence, even exuding ebullience.

Some who met with him privately this week were struck by his easy-going manner, his relaxed air.

In public, too, the President has conveyed much the same impression.

## PROGRESS ABROAD

Associates said Johnson has reason for confidence: That he's getting good reports from Viet Nam, sees a stabilized situation in Latin America, can sense opportunities for progress in Africa with no potential setbacks there in view, has had fruitful talks this month with leaders of Burma and the Philippines and, in viewing the turbulent scene in Communist China, is convinced that country faces graver problems than the United States.

Some White House reporters did get the impression Thursday

**STARVING CHILDREN:** Doctor examines a starving Tarahumara Indian tribe, top, and the child below is said to have died. Rev. Luis Verplancken, who heads a mission at Creel, Mexico, which is in the heart of Tarahumara Indian country, took these pictures. Citizens of Lafayette, La., are gathering train carloads of food for the stricken Indian tribe. (AP Wirephoto)

## Food Gift Is Stopped At Border

**Mexico Denies Indians Starving**

LAFAYETTE, La. (AP) — A drive to help Mexico's Tarahumara Indians was stymied today by the Mexican government's refusal to let Lafayette's "gift of love" go south of the border.

The gift consisted of 10 freight cars loaded with food, medicine, clothing and farming tools. Volunteers packed the cars with donations after a Roman Catholic priest said the Tarahumaras are starving.

In Mexico City Thursday night the treasury ministry said that allowing Lafayette to help the Tarahumaras would indicate that the government was unable to care for its own citizens.

The "mercy mission" to the Tarahumaras, who live in primitive conditions, received another blow Wednesday night when a plane crashed 235 miles south of El Paso, Tex., killing a priest and a nun.

They were Father Ernesto Uranga of Chihuahua City, Mexico, and Sister Lourdes Ramirez, formerly of El Paso. They were carrying medical supplies and food to the Indians.

Gordon Blake, an engineer who directed the drive for donations, said the Mexican reaction to the Lafayette effort came as a shock.

"The train is rolling, we are not stopping the train," he said. "We know nothing of the politics of this thing. We know only that the help is needed."

The load of supplies for the

Tarahumaras was gathered in the Lafayette area after an appeal from Father Luis Verplancken, a Jesuit missionary who once lived in Lafayette.

Father Verplancken said the death toll among the Tarahumaras due to starvation had reached 200 a day. The tribe is located in Chihuahua State, adjoining Texas.

The governor of Chihuahua, Gen. Praxedes Ciner Duran, denied the priest's statement regarding hundreds of starvation deaths.

"The report is criminal," he said. "To my knowledge, not a single Indian has died of starvation. As to reports that the corn crop has failed and is causing famine, we have the best corn crop in the history of Chihuahua."

## Biggest Raid Since Apalachin

**13 Nabbed; All Listed By Valachi**

NEW YORK (AP) — A State Supreme Court justice today held 13 Cosa Nostra bosses in a total of \$1.3-million bail after their arrest Thursday in what was described as the biggest raid involving crime syndicate figures since the 1957 Apalachin conference.

Bail was set at \$100,000 each for the 13, all listed as prominent members of the Cosa Nostra's national crime network by underworld informer Joseph Valachi.

Justice Joseph M. Conroy said the men were being held as material witnesses in the investigation of "major crimes" in Queens County. The group was remanded to civil jail when they were unable to post bond.

Chief Inspector Sanford Garelik, who directed the roundup Thursday, called it the most important since the gangland conference at Apalachin N.Y., in 1957 was broken up by state police. Sixty top hoodlums and their friends were arrested then.

## WELL HEELED

The raid Thursday came as the group was eating in a basement dining room at La Stella restaurant in Forest Hills, Queens. The community, about 20 minutes from Manhattan by car, is known for its comfortable apartment houses and tennis stadium, home of the national singles championships.

Garelik said none of the Mafia's "little Apalachin" meeting carried less than \$600 in cash in his pockets. He described them to newsmen as "elegantly dressed" and wearing "expensive jewelry."

Among those charged with "consorting with known criminals" were: Thomas "Tommy Ryan" Eboli, once barred as a fight manager after punching a referee, and now top man in the family of imprisoned Brooklyn leader Vito Genovese, considered the syndicate's "boss of bosses."

Michael Miranda, a guest at the Apalachin meeting, and underboss of a New York Cosa Nostra family.

Carlos Marcello of New Orleans, described in Senate testimony as the Mafia's Southern chieftain and a longtime partner of Frank Costello.

Santo Trafficante, a Cosa Nostra bigshot in Florida and former head of rackets in pre-Castro Cuba.

Others arrested were Domenick Alongi of Teaneck, N. J.; Aniello Della Croce of Manhattan; Frank Gagliano and Anthony Carrollo, both of New Orleans; Joseph Marcello of New Orleans, brother of Carlos; Joseph N. Gallo and Anthony Carrollo, both of Queens, and Joseph Colombo of Brooklyn. Gallo is not connected with the Gallo brothers of Brooklyn.

**PURPOSE** Detectives said the purpose of the raid was to keep track of how the men relate to each other in importance within the underworld hierarchy.

Queens District Attorney Nat H. Hentel said he planned to subpoena the 13 to appear at a special grand jury session investigating the meeting.

Hentel called the conference "an unusual and historic meeting with great implications."

The original Apalachin meeting was believed to have been called for the purpose of allocating territories. Police would not speculate on the reason for new talks.

**TABLE MANNERS** Since Apalachin, there have been reports of smaller scale syndicate meetings — in Worcester, Mass., in 1959, in Toronto, Canada, in 1960, in Atlantic City, N.J., and a new series in New York.

New York's meetings are usually of the banquet type, according to police. The city's Mafia

## 'Thank You, John, But Please No,' Says Byrns

Attorney Byrns

A brainstorm by Berrien Prosecutor John Hammond became a dead issue Thursday when Atty. Chester Byrns declined appointment as an assistant prosecutor.

Byrns, a candidate for the circuit judge post, is without opposition and has been preparing for the job by familiarizing himself with all agencies that serve the court.

A letter appointing Byrns an assistant prosecutor appeared

yesterday in the county clerk's office. All that remained was the oath of office and Byrns would have had a new job.

The letter designated a term lasting until not later than noon Dec. 31, one day before Byrns is expected to take office as circuit judge, but also said Byrns could terminate his employment at any time. Byrns, who said he was taken completely by surprise when informed of the appointment,

declined the offer and the letter has been withdrawn.

Prosecutor John Hammond, who wrote the letter, said it was born of a misunderstanding between him and Byrns. Byrns had indicated he intended to spend about a week observing office procedures, Hammond said, and the appointment was simply to make his observer's status more official.

Byrns certainly would not have been asked to participate

in any court action, Hammond said. There are currently no vacancies in the prosecutor's office, he added, and Byrns would have been paid only on a \$1 a year basis.

The issue died when Byrns declined to accept the post under any circumstances. He indicated troubles might arise if a case that started while he was assistant prosecutor appeared before him after he assumed the bench.

In a statement regarding the appointment Byrns said:

"To better prepare for the post of circuit judge I am now familiarizing myself with activities of all agencies serving the court. I had asked to observe the prosecutor's office operation and Mr. Hammond, apparently seeking to be helpful, but without my request, knowledge or consent, asked the circuit judges to appoint me an assistant prosecutor."

## \$300,000 TRUCK TERMINAL MAY BE BUILT

### Mandatory Swim Test Considered

#### May Be Required For All S. J. High Graduates

Should St. Joseph high school seniors be required to pass a swim test before they get a diploma?

The Curriculum council, holding an organization meeting Thursday in the teachers' lounge of St. Joseph high school, got that and several other controversial questions to study and make recommendations to administrators and school board over the next few months.

High School Principal Horace Webb said the study might include an investigation regarding at what age children best learn to swim. Webb said there is no swimming requirement for this year's seniors to graduate, thus giving the council plenty of time for study and recommendations.

#### OFFICERS NAMED

Joseph Ropole, director of counselors, was elected chairman and Miss Betty Theisen, secretary of the group composed of 30 teachers which meets monthly to study a wide variety of educational questions in general and St. Joseph school problems in particular.

Supt. Richard Ziehm told the council it should study various groupings of grades to help determine the details of a proposed building plan. Ziehm said the primary objective is to determine what is best for the pupils.

The council heard reports by Webb on high school foreign language class changes and on various aspects of the junior high school situation, especially regarding introduction of for-

**LEADERS:** Elected to head the St. Joseph Public Schools Curriculum committee are Joseph Ropole, director of junior and senior high counselors and Miss Betty Theisen, dramatics coach. The council will receive, study and make recommendations of a large number of school related problems.

ign language classes by Principal Pat Ryan. Earl Place, director of instruction, also reported.

The council will report later on science, art and language courses, value of certain tests and the county vocational committee findings.

Roger Niemeyer, of Michigan State University, reported on the pilot program of the MSU social studies project. He said final results of tests and evaluations made last spring have not been returned. The study seeks to

determine how effective anthropology courses are for second graders.

Miss Mildred Webster, head of the Language Arts department, reported on a three-day workshop held last summer. Recommended were consideration attitudes and endeavor, in marking report cards.

#### COUNCIL MEMBERS

The council includes teacher department heads, a group of teachers and administrators plus interested citizens. They are: Department chairmen — Dennis Bowen, fine arts; Donald Blunt, physical sciences; Ray W. Haack, social education; James Heathcote, mathematics; William Larkin, science; Virginia Molloy, foreign languages; Ruth Reed, business education; Ropole, guidance service; Donald Schneider, industrial arts; Jeanette Zych, home economics, all St. Joseph high school teachers.

Grade school representatives are Miss Lynn Andreen, Edith Bridges, John McDonald and Virginia Shack.

Members at large include: Jacqueline Banaach, Harold Bennett, Karl Benson, George Benton, Elizabeth Bingham, Robert Brown, Charles Fitch, Maurice H. Mpton, Helen Hubler, Hilda LaBar, Lenore Maril, Gerald Stemm, Dale Steves, Miss Theisen and Phyllis Woodward.

Liaison members, set up to give the curriculum committee questions and problems, are: Sister Anne Celeste, and Sister Pauline Marie of St. Joseph Catholic; Harriet Fijalkowski, Georgia Helmeke, Glenn Moore, Earl H. Place, Lois Richards, Pat Ryan, Lillian Standen, Horace Webb, Ziehm, Carl Powley, A. G. Glass, Fred Knuth and Mrs. Gordon McKnight.

The United Fund kickoff show for volunteers, headed by George Jessel and the Twin Cities Symphony, will be held Sunday at 8 p.m. at St. Joseph high school. A public auction of donated fruit, with all proceeds going to UCF, also will be held on Sunday. It will be conducted at 2:30 p.m. at the Benton Harbor fruit market.

### At Napier And I-94 In Benton

#### Manufacturers Lake Shore Firm Asks Rezoning

Rezoning to permit construction of a \$300,000 truck terminal for the Manufacturers Lake Shore trucking firm was requested of the Benton township planning commission last night.

Representing Manufacturers Lake Shore, a subsidiary of Manufacturers Freight Forwarding Co., was Robert Kay, Twin City real estate agent. The trucking firm is now located at 230 North State street, St. Joseph.

Kay requested changing the zoning of 24 acres on the northwest corner of Napier avenue and along the east side of Gray Trailer Sales, property, 1915 East Napier avenue.

At the end of the roadway, the land would open up into a much wider parcel, the east end of which would border on I-94, according to the proposal.

Kay said the firm plans to screen and landscape the property with trees, pave the area around the terminal and garage and keep the whole site lit with floodlights.

The planning commission referred the request to a study committee which is to report back at the next commission meeting Oct. 13.

#### OTHER ACTIONS

In other business before the commission last night, a public hearing was held on a rezoning request by Robert Johnson, owner of the Empire Mobile Home Park, 1200 East Empire avenue.

The commission voted unanimously to recommend to the township board that 4.5 acres adjacent and southwest of the park be rezoned from industrial to multiple-family residential.

Johnson, who owns the property, is requesting the rezoning so he can add approximately 35 more trailer spaces to his present facilities.

Two "used car lot" requests were referred to committee by the commission last night. One was from Alonzo Morris for a permit to operate a lot at 1060 Territorial road; the other was from James Baney, requesting transfer of this permit from 205 North Fair avenue to a lot at 1412 Territorial road.

### Thursday In State Capital

#### By Associated Press THE GOVERNOR

Said he is willing to submit to the Legislature any recommendations the attorney general has covering one-man grand juries.

#### TOURIST COUNCIL

Said it will seek a \$1.5 million budget for 1967-68.

**FOP PROMOTES SAFETY:** Fraternal Order of Police, Blossomland Lodge 100, presented 22 safety pennants to Benton Harbor school district. Representing FOP are Ronald H. Smith, Robert Fields

and Charles Bazata. Donald McAlvey and Donald Pobuda received pennants for school system. (Staff photo)

## If B.H. Schools Play It Safe Pennants Will Keep Flying

Pennants soon will offer visible evidence of a new safety program, instituted through the cooperation of area police and Benton Harbor school district officials.

The pennants, bearing the likeness of a safety patrol boy, will be flown under the American flag at each school in the district which maintains a students safety patrol.

The pennants are being presented to the schools through the Fraternal Order of Police, Blossomland Lodge 100.

They will be flown each school day that is free of student traffic accidents. Should an accident involving a student occur while going to or from school, the pennant will be removed from the pole for 30 days.

Representatives of the school district inspected the pennants during a program at the FOP Lodge in Benton township Wednesday. Twenty-two schools in the district maintain safety patrols.

Ronald H. Smith, FOP president, said pennants will be presented to each school in the district by Benton Harbor Patrolman Marvin Fiedler inside the city; Benton township Patrolman Thomas Garland in the township; and by Berrien Deputy Nigel Krickhahn at schools outside the city and township.

Smith said the presentations will be made with principals.

A charge of inciting a disturbance in a public place, filed during a civil disturbance in August, was dismissed yesterday against Robert Partee, 25, of 469 Cherry street, Benton Harbor.

Benton Harbor Municipal Judge Elizabeth Forhan said the dismissal request was made by Assistant Berrien Prosecutor Quentin Fulcher, who cited lack of positive identification as the reason.

Partee, who was charged under the state statute, still faces a city ordinance charge of disorderly loitering.

One man pleaded guilty to a similar state charge earlier this month, while two others have been found guilty under the disorderly ordinance.

Partee, who was charged under the state statute, still faces a city ordinance charge of disorderly loitering.

### Whirlpool Establishes Scholarship

Establishment of the Thomas F. Joyce Memorial Scholarship Program for sons and daughters of Whirlpool dealers was announced today by Jack D. Sparks, Whirlpool group vice president.

Scholarships will include all expenses for young men and women selected to attend the Future Dealers' School at the Whirlpool Education Center in Benton Harbor.

According to Sparks, a Joyce Memorial Scholarship will be awarded to either a young man or woman for each Future Dealers' School. The week-long vocational course in appliance retailing is conducted several times each year with one fully-paid scholarship to be awarded for each session. During 1967, four Future Dealers' Schools are scheduled.

### Will Address Meeting Of NAACP Here

An authority on elementary education will address the Benton Harbor branch of the NAACP Sunday on the Head Start program as observed in Muskegon county.

Mrs. Roberta Westra directed the Muskegon Head Start program this year and will report on the general benefits and problems. She also is coordinator of student teachers at Western Michigan University and supervised the campus kindergarten when it operated at WMU.

The meeting is scheduled at 3 p.m. in Blossom Acres community center, Blossom lane, Benton township. Mrs. Mary DeFoe, NAACP secretary, said the public is invited and there will be an open discussion of community problems.

"During his life, Tom Joyce was devoted professionally to the appliance industry and personally to the development of others — particularly young people," Sparks said. "Initiation of this scholarship program in his memory is our way of expressing deep appreciation for his many contributions to Whirlpool and the appliance industry."

Scholarship winners will be selected by a five-man committee including: Dean Nathan A. Bailey, American University, Washington, D.C.; Edward H. Rosen, president, Raymond Rosen & Co., Inc.; Earl Liffey, Home Furnishings Daily columnist; Richard A. Cox, manager, dealer education; and Thomas F. Bartley, manager of market training services.

Eligible candidates will be submitted to the scholarship committee through any Whirlpool distributor.

### FIRST ONE THIS YEAR

## Jewel Store Wins UCF Silver Plaque

Jewel Food Store is the first firm of the 1966 United Community fund campaign to win the top UCF award for employee giving, the Silver Plaque.

The Silver Plaque goes to Twin Cities area firms whose employees have won the UCF Bronze Plaque five or more times. For Jewel, it was the seventh straight year that its workers have taken the UCF honor.

Jewel has been a United Fund "fair share" store ever since it opened in 1960. Bronze and Silver Plaques are awarded to companies where 65 per cent or more of the employees pledge an hour's pay per month to UCF.

At Jewel Food, 42 workers made total pledges to UCF of \$1,247, or \$29.70 each. Mrs. Nadeane Teske was chairman of the United Fund effort at the Benton Harbor store.

#### DIVISION CHAIRMAN

Jewel's manager, Robert

Bonomo, is playing another key part in the current UCF drive. For the second straight year, he is chairman of the campaign's National Firms division.

Bonomo indicated that every Jewel Food Employee has made a pledge to UCF. The 10-man meat market staff, he added, responded with a 100 per cent "fair share" performance.

Jewel's campaign for UCF was one of a number being conducted in advance of the formal United Fund kickoff. UCF officially begins its effort for \$455,000 on Monday.

The United Fund kickoff show for volunteers, headed by George Jessel and the Twin Cities Symphony, will be held Sunday at 8 p.m. at St. Joseph high school. A public auction of donated fruit, with all proceeds going to UCF, also will be held on Sunday. It will be conducted at 2:30 p.m. at the Benton Harbor fruit market.

## Adults Offered Night Classes In B.H.

### Wide Range Of Subjects

Twenty-three classes for adults are offered by the newly established Benton Harbor Community schools system. The varied range of special interest courses includes vocational, homemaking and cultural improvement subjects, Director Calvin Wheeler announced.

Each class will meet one night a week from 7 to 9. Most sessions are 12 weeks. Registration is free to residents of the Benton Harbor school district. A small charge is required of non-residents. Classes start the week of Oct. 3.

Adults can register at Bard school, 1200 East Main street, from 8 a.m. to 4:30 p.m., by calling 926-2873 or by filling out the mail registration form on this page.

The courses are intended primarily for adults. High school students can register only if they are 16 or older and have permission of their counselors.

All of the special interest classes are non-credit except auto mechanics which can be taken for high school credit. At

least 10 students are required for each class. Adults can enroll for more than one subject. All classes will start at Bard, although some may be shifted for needed facilities.

Materials will have to be purchased by the students for some classes.

Classes offered are: Negro History — A one year course on the American Negro from early beginnings to the present time. Special emphasis will be placed on the cultural heritage, and contributions of the American Negro to the growth of the United States.

Wood Shop — Basic project design. The identification, use and care of common hand tools. Identification, applications, and finish of common woods. Some basic machine operation possible.

Electricity — Basic principles of direct current electricity — presume no knowledge of the subject. Includes electron theory, magnetism, series and parallel circuits, electric laws, terms, measures, symbols, and diagrams.

Metal Shop — Inexperienced students are taught the operation of various machines. Experienced students may work on projects of their own.

Word Study Spelling — For those who are "poor spellers," this course develops basic principles which will aid in the improvement of spelling skills.

Speech — How to be at ease and to express what you are thinking; practice in oral communication through demonstration, participation and discussion, interviews and organizational work. The practical everyday use of public speaking principles.

Sewing — Beginners are shown how to thread and operate machines. Aprons and housecoats will be made. A zipper kit made in class teaches the four simple steps necessary to apply this type of clothing. Do not buy material until after first class.

General Sewing — For experienced sewers who wish to work on their own projects. Bring tape measure, pencil and paper.

Mother - Daughter Sewing —

#### REGISTRATION COUPON

##### Mail To

Calvin C. Wheeler, Community School Director Bard School, 1200 East Main, Benton Harbor, Michigan

Last Name ..... First ..... Initial .....

Street & Number ..... City & State ..... Code .....

Course ..... Preferred Day of Week .....

Home Phone ..... Business Phone ..... Ext. ....

If you registered for any of the above classes earlier, you do not have to register again.

Have fun working together on clothing problems. Sharing the same activity offers a rich opportunity to develop a wholesome relationship and understanding.

Alterations — Learn how to do your own alterations, replace any type of zipper, and do attractive mending.

Home Mechanics — Care and maintenance procedures for the home, such as minor electrical and plumbing repairs, fitting doors and windows, painting, and concrete work.

General Science — The student is given working knowledge of scientific facts that can be used in everyday life. He learns how the weather bureau operates, and what makes storms; studies the main facts about the origin and growth of the earth and laws governing the struggle for existence.

Community Public Speaking — A survey course designed to acquaint the student with the elementary principles of public speaking. Students will learn to communicate thinking and per-

**SEVENTH FOR JEWEL:** Employees at Jewel Food Store are the first group in the 1966 United Community fund campaign to win the Silver Plaque for "fair share" giving. It was the seventh year in a row that Jewel workers have been honored by UCF. Shown with the award are Jerry Weston (left), meat market manager, and Robert Bonomo, Jewel store manager who also heads the UCF National Firms division. Not pictured is Mrs. Nadeane Teske, who was chairman of the UCF campaign at Jewel. (Staff photo)

## TELEPHONE FIRM OUTLINES EXPANSION PLAN

### 'We Made It!' -- New College Gets Fine Start

**JOIN DIAMOND CLUB:** Employees who have been with Superior Steel Castings Co. during half of its 50 years of existence were presented diamond service pins and welcomed into the Diamond Service club last night at Holiday Inn. The 25-year veterans (front row, left to right) Herbert Lents, Ernest Lister, Robert Raines,

Lester Young and Phillip Gagliano; back row — Bartz Aldrich, Allen Arnt, Daniel Davis, Jr., Emile Dieu, Orville Gallman, Milton Haskins, Ross Gilmore, president of the Benton Harbor firm who made presentations, and Everett Howard. (Staff photo)

### Students, Faculty Called Tops

**Idea To Reality In Two Years**

By PAUL DODSON  
Staff Writer

**DOWAGIAC** — "We made it!"

These were the happy words used last night by Dr. Fred Mathews, chairman of the board of trustees of Cass county's Southwestern Michigan Community college which held its first classes yesterday.

His words expressed jubilation over the fact that the new college was just an idea two years ago and that hard work by many persons made it possible for the new school to start on time.

"Everything has gone beyond my expectations," said Dr. Nathan Ivey, college president. He said the college's first three buildings are all but completed and nearly all equipment and furniture has arrived.

He praised the college's 20-

### Area Cities, Villages To Benefit

**Shows How Beam Of Light May Replace Wires**

By JIM DONAHUE  
South Haven Bureau

**CASSOPOLIS** — A record \$5.2 million service improvement and expansion program for General Telephone Company's southwestern Michigan service area was announced by Donald G. Prigmore, company southern division manager, here last night.

Prigmore made his announcement during a company-sponsored dinner meeting attended by about 40 southwest Michigan newsmen at Diamond Harbor Inn on Diamond Lake.

"Our 1967 program represents an expenditure of more than \$71 for each of the 72,900 telephones in our southern division," Prigmore said.

"In addition, the 1967 capital investment will add appreciably to the company's present southern division investment in land, buildings, and equipment of over \$36 million.

"We are expanding our exchange central office facilities to provide even better local service and we're placing additional long distance facilities in service in many areas," Prigmore added.

"Our continuing program to reduce all party lines to a maximum of four parties will again be emphasized and we now expect this program to be completed in 1970," he went on.

Prigmore broke down planned company expenditures as follows: exchange of outside plant and central office switching and terminating equipment, private branch exchange systems and lines, \$2,495,700; construction of additional long distance cable and related plant facilities, \$629,400; building additions, \$369,700; and routine budget expenditures \$1,710,100.

Money designated for specific exchanges is as follows: Allegan, \$172,800; Gobles, \$2,200; Mattawan, \$40,300; Paw Paw, \$7,300; Cassopolis, \$17,400; Dowagiac, \$246,000; Edwardsburg, \$41,100; Sister Lakes, \$52,400; Union, \$28,700 and Vandalia, \$80,400.

South Haven, \$256,000; Covert, \$6,400; Ganges, \$3,600; Grand Junction, \$1,600; Hartford, \$155,400; Saugatuck, \$35,800; and Bangor, \$2,600.

Installation of new touch calling equipment will begin in Allegan, Dowagiac and South Haven this year. The touch system in Allegan and Dowagiac is expected to be completed during 1969 and South Haven during 1968, the company spokesman reported.

General Telephone's southern division is headed by its exchanges at Edwardsburg, Saugatuck, Coldwater and Allegan.

Norman Medendorp, transmission engineer from the company's Muskegon office, explained experiments in laser beam communications and demonstrated the use of a laser beam to transmit sound.

Medendorp predicted that the laser, or projected light beam, may someday be an important instrument for transmission of telephone communications.

### Five Youths Arrested In Cass Thefts

**DOWAGIAC** — Cass county sheriff's deputies said they arrested five Dowagiac area youths Thursday afternoon on charges of taking about \$1,300 worth of loot from a Dowagiac factory and rural drive-in theater concession stand.

Scheduled for arraignment today on charges of breaking and entering were Floyd Johnson, 18, 217 Spaulding street; Aubrey Justice, 18, route 2; Les Grant, 17, route 4; Ross Yancy, 19, Hyatt's Trailer court, and Alvin Dollins, 21, 505 Chestnut street.

Deputies said a sixth youth is being sought in connection with the break-ins.

Det. Andrew Chavous who made the arrests said more than \$600 worth of equipment and merchandise was taken from the Five-Mile drive-in theater concession stand at M-152 and M-40 on Sept. 18. Miscellaneous tools worth about \$700 were taken from the Cupples Manufacturing Corp. plant on Sept. 17.

### Paw Paw Grape Festival To Open

**Big Week Will Start With Parade On Sunday**

By BILL HAMILTON  
Paw Paw Bureau

**PAW PAW** — A week long grape festival to be held in Paw Paw will begin Sunday with a parade at 2 p.m. Included in the parade will be several area bands, the Van Buren sheriff's posse, the Paw Paw fire department, teams of ponies and horses, an Indian riding group, antique cars and other special entries, according to the Paw Paw chamber of commerce.

During the week, each of 15 local industries will have a display of products in the windows of stores on the main street.

Each day of next week has been set aside for a particular activity. The kickoff parade Sunday will be judged, with awards going to the best band, the best team of horses, best ponies, oldest car, and several other categories.

Monday will be hospitality day. Paw Paw people will extend a welcome to visitors and plan tours for them to vineyards and through local industrial plants.

Tuesday has been set aside for a salute to senior citizens. The Paw Paw Senior Citizens club will meet at the First Federal Savings and Loan building at 12:30, and will then be given a complimentary dinner at Continental hall. Mr. and Mrs. Floyd Hobbs have been chosen King and Queen for the day.

Wednesday will be Indiana and Illinois day, and newspapers in these states have been extended invitations to participate in the festival.

### Dem Plans Berrien, Cass Tour

**Martin Campaigns For Congress Seat**

Democrat candidate for Fourth district congressman, will make John V. Martin of Hillsdale, a campaign swing through Cass and Berrien county on Thursday, Sept. 29.

The tour starts at 9 a.m. at Marcellus where he will meet and talk with people in the business section. He then will go to Dowagiac for a handshaking tour of the business district followed by lunch with campaign workers.

Martin is to arrive in Niles at 3 p.m. at the home of Berrien county Democratic party chairman Charles LaSata. Together with LaSata, who is running for the post of state representative from the 43rd district, Martin will meet workers at the gates of the National-Standard Co. at Niles.

Later the two candidates will campaign at the Eastgate Shopping Plaza near Niles and will then have dinner at LaSata's home.

Both men will appear at the Niles township hall at 8 p.m. to speak to the Niles township Democratic club.

### 17 Persons Arrested In Raid

**Charge Gambling At South Haven**

**SOUTH HAVEN** — Eleven state troopers, two Van Buren sheriff's deputies and county Prosecutor Donald Goodwillie, Jr., raided a house in South Haven township early today. There were 17 persons, all from the South Haven area, arrested on gambling charges.

Troopers from the South Haven post said they raided the home of Nelson E. Lanier on M-43 around 2:45 a.m. where they said they found a dice and card game going on in the basement. Lanier was charged with maintaining a gambling establishment. He was arraigned before South Haven township Justice Arnold Servatius, waived examination and posted \$100 bond, police said.

Sixteen other persons were arrested on charges of frequenting a gambling establishment. They also appeared before Servatius.

Police said 14 persons pleaded guilty and were assessed fine and costs totaling \$31.20 each. One man pleaded innocent and another man was given a suspended fine since police found him asleep and not participating in the games at the time of the raid, troopers said.

Nobody escaped since the gambling was allegedly going on in the basement of the Lanier home and there was only one exit, police said.

The cards, dice, tables and chairs were confiscated by police.

### AREA POSTS

#### State Police Transferred, Promoted

A new corporal for the New Buffalo post and promotion of a Paw Paw trooper to detective were announced today at Michigan State Police headquarters in East Lansing. The promotions and transfers are effective Oct. 2.

Trooper Edgar Caid, Jr., of the Brighton post was promoted to corporal and assigned to New Buffalo.

Trooper Allen Hoxie of Paw Paw was promoted to detective and assigned to the Erie post.

### Swim In Gravel Pit Is Fatal

**Boy, 14, Drowns Near Allegan**

**ALLEGAN** — Sheriff's deputies said a rural Allegan youth drowned Thursday while swimming alone in a gravel pit near his home 12 miles west of here. Ernest Goodwin, 14, son of Mr. and Mrs. Robert Lindsey, 4468 110th avenue, was pronounced dead of accidental drowning by Dr. James Wheat, county medical examiner.

The body was recovered at 11:45 p.m. from the flooded gravel pit by deputies who dragged the small pond with the aid of divers Dave Reed and Owen. The boy's father told deputies he left the house after supper, saying he was going for a walk in the woods. The father called the department at 7 p.m. to report he had found his son's clothes beside the gravel pit in Chesire township.

Besthe's parents, the Goodwin boy is survived by five brothers and sisters. The body was removed to the Nyberg funeral home, Allegan.

### Break-In Charged At Bridgman

**Troopers Report Man In Building**

**BRIDGMAN** —New Buffalo state police reported they found one man inside the Waldeen Supply Co. office on Mathew street at 2:30 a.m. this morning while another man was found outside in a car.

Troopers said the two were to be arraigned today on a charge of breaking and entering but added that the charge might be reduced to illegal entry.

The two are John Merico, Forto, Jr., 30 Hollywood, Calif., and Russell DePriest, 18, route 1, Three Oaks.

Forto was found inside the building, troopers said. Police said the two apparently wanted to sleep in the office since the manager, Thomas Booser, reported yesterday someone had been inside the previous night and that there was no money around.

Because of this report, troopers said they checked the building this morning. Entry was gained through a back window.

### Washington To Visit Berrien

**GOP Choice For Secretary Of State**

George Washington, Republican candidate for the Michigan secretary of state office, will visit Berrien county Monday for several functions.

He will visit luncheon clubs meeting on Monday in Benton Harbor and St. Joseph and will then hold a press conference at 1:30 at the county GOP headquarters at 189 Michigan street in Benton Harbor.

Later that afternoon he will make appearances at several neighborhood coffees and wind up his Twin Cities visit at local factory gates.

At 5 p.m. Washington will be hosted at a reception at the home of Murray Campbell, 1122 Weesaw road, in Niles.

### Gas Station Burglarized

Berrien county sheriff's deputies are investigating breaking and entering of Watson Standard service station, Eau Claire, last night with \$25 in change missing.

Entry and exit was through a window the intruder apparently broke in the back of the building.

Deputies said they arrested Joe Treat, 25, of Mishawaka, Ind., on a drunk and disorderly charge when they found him in a car, parked with the motor running in the middle of Parker street near Dean's Hill road.

Mrs. Ralph H. Kilner, 1878 Ogden, Benton Harbor, reported two watches missing and a door jimmied in the back of her home. Entry was during the day Thursday.

### HEARING MONDAY

## LMC's Master Plan To Be Up For Debate

Persons who wish to offer comments or opinions, pro or con, on the projected master plan for the Lake Michigan college campus will be heard by the board of trustees Monday night.

The board has set a public hearing on the master plan at its regular meeting at the LMC administration building at 8 p.m. Monday.

Drawings of the plan, which would group seven college buildings about a covered plaza at the edge of a 25-acre artificial lake, were published in this newspaper earlier this month. Construction costs have been suggested in the neighborhood of \$12 million.

LMC President Robert Plummer said the trustees are expected to take some action on acceptance or rejection of the master plan after the public hearing.

### Here's How Voting Rules Will Work

**PAW PAW**—Any of the four Van Buren county townships which vote Nov. 8 to join the Southwestern Michigan Community college district will be added to the Cass county district after the election.

Those townships among the four which do not vote to annex to the Cass district will vote later on whether a Community college district should be established in Van Buren county.

A typographical error in yesterday's news story concerning the coming election in Decatur, Hamilton, Porter and Keeler townships indicated that those townships with a negative vote would be added to the Cass county district.

The master plan has been prepared by the Harry Weese architectural firm of Chicago, a nationally noted building designer.

Plummer said the economics and desirability of the architect's master plan will be open to discussion at the public hearing, including such matters as the need for fill dirt, control of the water table, all-weather accessibility of the buildings to students, and outdoor physical education facilities.

# Bayonet 'Possible' Murder Weapon

## Found In Lake Michigan Near Percy Home

KENILWORTH, Ill. (AP) — The Kenilworth police chief says a bayonet found in Lake Michigan "could be the weapon" with which Valerie Percy, 21, was stabbed repeatedly by her killer.

But a Chicago police crime laboratory technician said the bayonet bore no traces of blood, hair or fingerprints.

Sgt. Irwin Havlinad of the

crime laboratory said Thursday night that although the Army-type bayonet was not rusty, it had several nicks on it. The weapon has a ten-inch blade, with a 4-inch black plastic handle.

A coroner's aide said the multiple stab wounds in Valerie's body were inflicted with a double-edged weapon such as a bayonet. He added, however, that the weapon used to bludgeon Valerie had a cone-shaped head or protuberance not present on the bayonet but which is commonly found on a fireplace poker.

Capt. Daniel Dragel, director of the crime laboratory, said an examination of the weapon at the laboratory produced no physical evidence linking the bayonet to the crime.

But Robert M. Daley, Kenilworth police chief, said: "It is possible this could have been the weapon used in the murder."

The chief made his remark at a news conference after the crime laboratory report had been released.

Daley said his only possible clues are the bayonet and a fingerprint found in the home of Charles H. Percy, Republican nominee for U.S. Senate.

Daley said the fingerprint does not match those of anyone known to have access to the Percy home.

NOT QUICK  
"There is no evidence that could at this time let us believe we will have a quick solution," Daley told newsmen.

The bayonet, found Wednesday night by a Coast Guard crew in Lake Michigan, is being further examined by crime laboratory experts.

Daley said 135 persons have been interviewed in the murder investigation and about 50 remain to be interviewed. These are friends and acquaintances of the Percys, persons who have been employed by them and persons active in Percy's campaign.

The Percy family left Kenilworth Wednesday, and was reported in seclusion somewhere in California.

FOUND NEAR PERCY ESTATE: Sgt. Ray Heimbuch of the Chicago Police Department crime laboratory holds up a bayonet which Coast Guardsmen recovered from Lake Michigan about 800 yards from the mansion where Valerie Percy, 21, was slain in Kenilworth early Sunday. (AP Wirephoto)

# NAACP Files Suit Against Gov. Wallace

MONTGOMERY, Ala. (AP) — Gov. George C. Wallace

filed a suit in federal court today to prevent the state from integrating school integration in Alabama.

Attorneys for the National Association for the Advancement of Colored People filed a motion in federal court charging Wallace with violating a two-year-old court order.

They asked the three-judge court to hold the segregationist governor in civil contempt — which could bring an indefinite jail sentence — or, in the alternative, to order total statewide desegregation.

Wallace withheld comment but was expected to have something to say about it at a news conference today.

DEFYING COURT? The NAACP motion contended the governor has disregarded an injunction handed by the three-judge court July 13, 1964, prohibiting him from:

"Interfering with, preventing or obstructing by any means the elimination of racial discrimination by local school officials."

Failing to use his authority as governor to "promote and encourage" desegregation.

Since that time, the petition

charged, Wallace — whose wife, Lurleen, is running for governor to succeed him — has committed repeated acts "with the sole purpose and effect of 'preventing and discouraging school integration'."

Among them, it said, was the role he played in getting the Legislature to enact a state law prohibiting city and county school boards from agreeing to comply with integration guidelines laid down by the U.S. Department of Health, Education and Welfare.

In lieu of the contempt order, the NAACP asked the court to restrain Wallace from enforcing the new law, and to compel him to undo any acts already performed under the statute, including appointment of a governor's commission to administer the law.

# Convicted In Death Of Mate

Wyatt H. Starkey, 46, of 139 Market street, Benton Harbor, was convicted Thursday of manslaughter in connection with the death last May 29 of his common-law wife.

The case stemmed from the death of Malinda Reid, 42, of 181 Lions street, Benton Harbor. Police said she died of head injuries, then believed caused by a fall downstairs.

Starkey was later arrested and charged with murder. But the nine-man, three-woman jury yesterday brought in a verdict of manslaughter — a lesser included offense. Jurors had deliberated almost two hours before reaching their verdict.

Following the conviction Starkey was released on bond pending sentencing. The case was heard before Berrien Circuit Judge Philip A. Hadsell.

Also appearing before Judge Hadsell Thursday was Edward Lee Lucas, Benton Harbor, who was given six months on probation for contempt of court. Lucas was held in contempt for an arrearage in child support payments.

# Woman Is Injured In Freak Mishap

An Eau Claire area woman yesterday told Benton Harbor police she was injured when a rope being dragged by an auto entwined about her feet, pulling her to the pavement.

Lt. Alfred Hauwetter said the incident on Park street near the V-M Corp. was reported by Mrs. Virginia Rosenbaum, route 1, Eau Claire.

Mrs. Rosenbaum said she had left work at the V-M plant about 3:30 p.m. and was about to cross Park when a light blue Buick drove past, snagging her in the rope and continuing. She reported bruises. The driver apparently was unaware of the incident. The dragging rope was unexplained.

# Fire Kills Seven In Chicago

## Destroys South Side Apartment

CHICAGO (AP) — Flames and suffocating smoke killed seven persons early today, but a young father scooped his baby son in his arms, leaped through a second-story window, and safely escaped the fire which devastated the South Side apartment.

Four persons were injured. The dead — two children, a woman and four men — were trapped in their rooms in the old building. The flames erupted on the ground floor near the base of the rear porch and gushed up a central stairwell.

RACING FLAMES  
"It went up like a tinderbox," said a fireman.

Firemen carried many residents down ladders which soon smoldered from the intense heat.

Others, including Marvin Snipes, 19, and his year old son, Marvin Jr., jumped. The father and son were in good condition at Michael Reese Hospital.

The dead included two cousins — 5-year-old Mary Wright and Calvin Wright, 9.

Also killed were Minnie Hall, 60; Moses Wright, 32; William Hall, 65, and Willie Hall, 65.

All suffered burns or smoke inhalation.

Firemen tore away charred debris to learn if more persons had been trapped and killed. By dawn they had found no more bodies.

Another woman was led back into the building to find that many of her possessions had been destroyed, but a set of false teeth rested safely in a cup of water.

LEAPS TO SAFETY WITH BABY: Marvin Snipes, 19, cradles his one-year-old son, Marvin Jr., while waiting in a Chicago hospital early today after leaping from a second-story window to escape fire which killed at least seven persons on Chicago's near south side. Snipes held the child during the leap. His 17-year-old wife, Beverly, also escaped with injuries. Fire hit the 3-story apartment causing some \$15,000 in damage. Eleven families lived in the dwelling. (AP Wirephoto)

## Legals

AN ORDINANCE TO AMEND "THE ZONING ORDINANCE" OF THE CITY OF ST. JOSEPH. THE CITY OF ST. JOSEPH ORDAINS:

SECTION I  
The Zoning Ordinance of the City of St. Joseph, adopted October 10, 1927, as last amended December 7, 1964, and the zoning map of the City of St. Joseph referred to in Section 6.4 of the Code of Ordinances of the City of St. Joseph, are hereby further amended to transfer the following described newly annexed lands in the City of St. Joseph from an unincorporated area to "F" Light Industrial District:

PARCEL I. That part of the Northwest Quarter of Section 3, Township 5 South, Range 19 West, described as follows: Commencing on the North line of said Section at a point 14.505 chains East of the Northwest corner of said Section 3; thence North 21.59 chains; thence West 4.07 chains; thence North 21.59 chains; thence East 4.79 chains to the place of beginning, containing 10 acres of land, more or less, excepting a strip of land 4 rods in width off from and along the North side thereof for a public highway, being in the City of St. Joseph, Berrien county, Michigan.

PARCEL II. That part of the Northeast Fractional Quarter of Section 3, Township 5 South, Range 19 West, City of St. Joseph, Berrien County, Michigan, described as follows: Commencing 19 chains and 29 1/2 links East of the Northwest corner of the Northeast Quarter aforesaid; thence South 66 feet; thence West 293 feet; thence South 203 feet; thence East 293 feet; thence South to the South line of the North Half of said Northeast Fractional Quarter; thence West 4 chains and 79 links; thence North 21 chains and 59 links to the North line of said Section; thence East 4 chains and 79 links to the place of beginning excepting the North 66 feet thereof to be used for road purposes.

SECTION II  
This ordinance shall take effect ten days after final passage.

CHARLES J. RHODES  
City Clerk

Sept. 23, 1966

## NOTICE OF MORTGAGE SALE

DEFAULT, having been made in the conditions of a mortgage made by EUGENE F. FOX and VIRGINIA FOX, his wife, to HOMESTEAD CORPORATION, a Michigan corporation, dated March 31, 1965, recorded June 11, 1965, in Liber 455, page 437, Berrien County Register of Deeds Office, which mortgage was assigned to HOMESTEAD ACCEPTANCE CORPORATION, a Michigan Corporation, on April 15, 1966, by assignment recorded on May

# OPPOSITION WITHDRAWN Hearing Set On Plan Of American Electric

WASHINGTON (AP) — The Securities and Exchange Commission Thursday scheduled a hearing for Oct. 5 on a plan by the American Electric Power Co., Inc., a New York City holding company, to acquire a small Michigan utility.

The commission postponed an earlier scheduled hearing to permit American Electric Power to file amendments which reflect a settlement with Michigan Gas & Electric Co., the utility which had previously opposed the plan.

Donald Cook, a former SEC chairman, is president of American Electric, parent firm of Indiana & Michigan Electric Co.

A previous agreement before the SEC for approval called for American Electric to obtain stocks in the Michigan utility through a third company, Michigan Gas Utilities Co., Monroe, Mich.

Last month, the SEC said a July 1 agreement between

American Electric and Michigan Gas Utilities, on its face, went beyond normal and permissible preliminaries for transactions of this type and may have violated federal law.

An agreement among the three firms now calls for purchase of stocks at \$115 a share instead of \$100. The small utility and its board chairman support this higher settlement and the chairman will offer his shares to American Electric for \$115.

The SEC said one of the things it will investigate at the hearing is whether competitive conditions would be maintained if the agreement were approved.

# Four Trucks Looted At B.H. Market

Benton Harbor police yesterday afternoon investigated the reported theft from four trucks of equipment valued at an estimated \$750.

Patrolman Cyril Fuller said fruit buyer Thomas Jennaro, owner of the trucks, parked at the city market, told him the missing items included a spare tire, 12 load locks and seven wheel balances.

Patrolman Kenneth Welsch and Jerry Woofler last evening investigated a break-in at the concession stand at Jean Klock park, and the breaking of 10 window panes in the nearby park pavilion. Nothing was reported missing.

Mrs. Joseph Shabunia yesterday told Patrolman Marvin Fiedler her home at 960 Monroe street, Benton Harbor, had been entered and a transistor radio with case and \$37 in cash had been taken. Fiedler said the home had been entered by cutting a screen and breaking a window of a rear door, after several attempts to pry the door and key hole had apparently failed.

## Vagrancy Charged

St. Joseph police said James Nelson Cross, Princeton, Ind., construction laborer, was arrested on a vagrancy charge when he was found sitting in the lobby of the 505 Building, Pleasant street, St. Joseph, at 3:58 a.m. today.

# Many Class Openings In Covert

COVERT — Eligible persons may still register for many adult education courses which meet at the Covert school.

Monday night classes that still have openings include shop, drafting, modern math, bookkeeping and home economics.

Wednesday classes include English, U.S. history, typing and general science.

Anyone 18 years or over who is no longer a student in day school may enroll. Counselors will help students plan their educational programs.

Textbooks and supplies will be provided by the school and the high school library will be open for the use of all students.

The new night program at the Covert school will make it possible for persons to complete the requirements for a high school diploma. The number of credits that must be earned is the same as for other Covert high school graduates.

However, school officials may award additional credit based on work experience, past and present community service, correspondence school courses, military schooling and the evaluation of performance through testing.

# VIEW FROM MSU

## Adults Don't Practice What They Preach; So Youths Riot

EAST LANSING (AP) — Students riot and demonstrate out of disillusionment, because adults teach one set of ideas and live by a different set, a Michigan State University educator said Thursday.

"If we think we're right, we'd better be able to prove it," said Dr. Edward B. Blackman, assistant dean of residence instruction. The students, he said, "are disillusioned about the war in Viet Nam and about the plight

of Negroes. "I don't care what the opinion polls say, the students are against the war in Viet Nam," said Blackman. "This is an echo of what I've been told many times in the last two years by the students themselves."

Blackman spoke to about 600 student leaders, residence hall personnel and other MSU officials at a leadership conference on student rights and responsibilities. Earlier in the three-day con-

ference, the president of MSU's student government, James Graham, said students should participate in decisions concerning retention and dismissal of faculty members.

"After all, we're the ones who have to sit in these classes," he said. "We ought to know whether the professor is doing a good job."

Graham heads the MSU organization called Associated Students of Michigan State University.

25, 1966, in Liber 24, page 535, Berrien County Register of Deeds Office, on which mortgage there is claimed to be due on the date hereof for principal and interest, the sum of nine thousand three hundred eighty-eight and 84/100 dollars (\$9,388.84); therefore

NOTICE IS HEREBY GIVEN, that on December 7, 1966, at 10:00 o'clock in the forenoon, Estate Standard Time, at the front door of the Berrien County Court House in the City of St. Joseph, Michigan, that being the building where the Circuit Court for the County of Berrien is held, there will be offered for sale at public vendue for the purpose of satisfying the amounts due on said mortgage, together with costs of sale, the premises in said mortgage described as follows:

Lands situate in the Township of Coloma, Berrien County, Michigan, described as commencing 614.5 feet west and 248.05 feet south of the north 1/4 post of Section 15, Town 3 South, Range 17 West, thence south 288 feet; thence west 130 feet; thence north 288 feet; thence east 130 feet to the place of beginning. Containing 0.859 acres.

Also part of the Northwest 1/4 of section 15, Town 3 South, Range 17 West, Coloma Township, Berrien County, Michigan, described as: Beginning at a point of the North line of said Section 15, said beginning point being 614.5 feet West of the North 1/4 post of said Section, thence South 536.05 feet, thence East 40 feet; thence North 536.05 feet to the North line of said Section; thence West 40 feet.

The redemption period in connection with this foreclosure will be six (6) months from the time of Sheriff's Sale as the mortgaged property is residential property not exceeding four (4) units and is not more than three (3) acres in size, and the amount due is more than 66 2/3% Of the original indebtedness secured by the mortgage executed after January 1, 1965.

Dated this 9th day of September, 1966.
